OREGON GIANTS-ELLIS SPECIAL

(Only one Packet to a Customer.)

This EXTRA SPECIAL MIXTURE is personally selected by Mrs. Merton G. Ellis from the very best plants all over the garden. There will be only a limited amount of this seed for most of it must go in the regular mixture. We work to have the regular mixture extremely satisfactory and this Special Seed will probably be superior only in that the proportion of extra good plants will be higher. It is the best we can offer and that seems to be what so many of our customers want. It is what we plant ourselves in order to have the quality improve each year. We have had so many requests for Extra Special Seed that we feel compelled to make this offer,

THOMAS A. EDISON (K.) One of Kindlerd's very hest.

DR. MOODY; Vies with Minnet but unuch

hetter propagator.

OREGON QUEEN: Don't miss this cream glad resembling Easter lilies,

MORE SIDELIGHTS

BENGAL BEAUTY: Attracts much attention wherever shown.

MARY CARDEN: This is one of C. C. Piper's most promising originations. It is a splendid white of beavy texture, with pinkish lavender embroidery around the edges. The florets are large, many open, wide open, on a well formed spile. This is a glad with a future before it, Don't miss getting a start of it NOW. This is the first time it has been affered.

CHIEF JOSEPH: Mr. Piper planned to introduce this at \$5.00 per built as stated in our Summer-Set Circular but because it sometimes fades in the sun he decided to introduce it at \$2.00. It is well worth growing, however, a very tall, strong growing glad, often blooming from bulblet and a good propagator. Those who ordered this glad this snamer will receive three times the quantity ordered.

MRS, P. W. SISSON: One of the very best.

ELLEN C. JACOBSEN: A new one well worth growing. Luck of space forbids more enlightenment!
